NUMBER 92.

BY WINDS AND WATER

Much Damage Done in Several Western and Southern States.

LIGHTNING ALSO WROUGHT HAVOC.

A Number of Persons Killed and Valuable Property Destroyed—Wires Prostrated in Michigan—Severe Blow in Kentucky.

Fulton, Ky., March 11.—In the terrific storm that swept this section the damage was greatest at Clinton and Hickman. At Clinton 20 negro cabins were demolished, two negroes being mortally hurt and many others badly bruised and mangled. Part of Marvin college was unroofed and the water-works plant was destroyed. Eight freight cars on the Illinois Central switch at the depot at Clinton were blown from the track. The Baptist church at Hickman was destroyed by wind. A large number of tenant houses and barns were blown down in Fulton and Hickman counties, and the loss of property is large.

Street Undermined.

Owensboro, Ky., March 11.—A cloud-burst did great damage. The sewer at Main and Davies streets burst and a torrent of water poured into the opening and the streets were torn up for some distance about 50 feet in diameter and 25 feet deep. A large water main was undermined and broke in two, and this added to the fury of the waters pouring into a large opening, and created a roar like a waterfall. Davies and Main streets were undermined for many feet, there being only a top crust of macadam, and underneath the appearance of a mammoth cavern through which swept a mad stream of water. Portions of the streets caved in. Anderson's big department store has been undermined and is in great danger. The street caved in within four feet of Temple theater, and that building is also in danger. The electric light and telephone poles were swept into the big hole. The electric light and the gas service is shut off.

In North Texas.

Houston, Tex., March 11.—News of the storm is now coming from northeast Texas. The casualties were small considering the amount of territory visited, but there are four dead and five believed to be dying at Willis Point, where the property loss will reach \$100,000. Five persons were badly hurt at New Boston, none fatally. A number of small houses were wrecked. The property loss will reach \$75,000. At Blossom no one was seriously injured, but the damage to residences was great. At and near Emery, Raines county, one man was killed and several persons were hurt, two seriously. The damage to property was heavy. The wind was accompanied by heavy rain, which, with hail, did considerable damage in the rural districts. The storm was first reported from Uvalde, on the Mexican border, where a church was wrecked.

Gale at Chicago.

Chicago, March 11.—One of the worst wind storms of the season struck Chicago and damaged property throughout the city to the extent of \$175,000. Many plate glass windows were blown in. Telegraph and telephone companies were the worst sufferers and it will be some time before order can be restored. Thousands of poles were blown down and Chicago was for a time isolated from the west and northwest by telephone and telegraph. The storm is believed to have been most severe in southern Wisconsin. Along a short stretch of the Milwaukee road in southern Wisconsin 500 telegraph poles are down.

Wires Down.

Grand Rapids, March 11.—Dispatches from various points in western Michigan indicate that the wind, sleet and rain storm has almost paralyzed the state telephone service. The 60-wire state line of the Michigan Telephone company, about Ionia, is a mass of tangled wire and broken poles. The Citizens' company is crippled fully as bad as the Michigan. At St. Joseph the Bell suffered a loss of \$5,000 from the storm. In Benton Harbor the wires are all down and service so crippled it will take several days to make repairs.

Deadly Darts.

Little Rock, March 11.—A heavy rain, wind and thunder storm, accompanied by lightning, visited Arkansas. At Van Buren lightning struck the residence of James Morrell, rendering his wife unconscious. A boy was knocked down in the street. At Conway 15 business houses were unroofed, three others blown down and many stores flooded. Reports from Pine Prairie say that a cyclone struck there, wrecking everything in its path.

PUBLIC TELEPHONES.

New System of Wire Communication To Be Tried at New Haven.

New Haven, March 11.—Public telephones on street corners, like fire-alarm boxes, will soon be erected in New Haven. They will be incased in aluminum boxes, the height and shape of fire or police alarm boxes. On each of four sides of each telephone will be the sign of the public telephone. The boxes will be ordinarily locked, and can be opened by dropping into a slot a coin, which is recoverable when the door is opened. When the door has been so opened, the process of obtaining a telephone connection will be precisely the same as at any pay station, a directory being hung inside the box. The door of the box will be so arranged that it will shut automatically when the receiver is hung up after use. C. B. Doolittle, superintendent of public telephone stations in this city, is the inventor.

PECULIAR PHENOMENA.

Deep Red Sky and Rain That Resembles Drops of Blood.

Palermo, Sicily, March 11.—A heavy red cloud extended over the city, the sky being a deep red. The rain now falling resembles drops of blood. This phenomenon, called "bloody rain," is attributed to dust from African deserts, transported by the heavy south wind now blowing. The phenomenon extends over southern Italy. At Rome the sky is yellow, and at Naples a rain of sand has fallen, the heavens being dark red.

Trouble at Naval Observatory.

Washington, March 11.—It appears that the trouble at the naval observatory is not altogether of a merely personal nature. It involves the old question whether the observatory should be under the superintendency of a line officer of the navy or of a professional astronomer. The latter view has been held by the astronomical profession at large and also by such secretaries as Secretary Tracy and Secretary Long. This is founded not so much on any impossibility of finding persons qualified in the line of the navy or upon any dissatisfaction with the present incumbent as upon the fact that the frequent changes of duty to which naval officers are subject prevent continuity of administration.

Plague at Cape Town.

Cape Town, March 11.—The official report regarding the progress of the bubonic plague in Cape Town since the outbreak show a total of 22 deaths and 102 cases. The Malays gathered to oppose the removal of a Malay who had been attacked by the disease, and of several persons who had come in contact with the victim. The police were overpowered and the persons who had come into contact with the Malay made their escape. In the event of a repetition of this experience it will be necessary to employ an armed force, so that trouble is anticipated.

William's Message.

Berlin, March 11.—To Prince Luitpold, regent of Bavaria, who will complete his eightieth year March 12, Emperor William has sent the following dispatch: "It is with the most painful regret that I am compelled to be absent from you upon the day when you complete your eightieth year, but I shall feel near you in spirit, with feelings of deepest gratitude. My eldest son must represent me."

Killed Two Men.

Hindman, Ky., March 11.—Rufus Wootton and John Everagewere killed by Benton Messer, a Knott county physician, during a fight. The day previous the two men, with Blaine Combs, fired into Messer's house as they rode by. Returning the next day, a general fight took place, with the above result. Wootton and Combs were in the Hollifield-Kelly fight in Letcher county some time ago.

Railway Offices Scorched.

New York, March 11.—The building owned and occupied by the New York, New Haven and Hartford Railroad company for the general offices of the several departments, on Willis avenue, was damaged by fire to the estimated extent of \$250,000. Thirty clerks escaped with difficulty.

Stormed a Gate.

Berlin, March 11.—The war office has received the following dispatch from Count Von Waldersee, dated Peking: "Colonel Ledebur's column stormed a gate of the great wall 80 miles west of Pao Ting Fu, Friday, March 8, capturing four guns."

Earl Roberts Sensitive.

Berlin, March 11.—It is reported in court circles that Earl Roberts "thankfully returned" to Emperor William the insignia of the Order of the Black Eagle, conferred at the time of the kaiser's visit to England, after noticing the unfavorable comment in the German press upon the bestowal of the honor.

TROUBLES OF HER OWN

Japan in No Position to Assist in Maintaining China's Integrity.

UNABLE TO DO MORE THAN PROTEST

Russia's Action in Manchuria Regarded by Some as a Gigantic Bluff—Latest Phase of the Situation.

Yokohama, March 11.—The Japanese battleship Hatsuse, just completed in England, has been ordered to proceed hither with all possible speed. Other orders given to the Japanese navy indicate the seriousness with which the Japanese government views the situation in the far east. Well informed Japanese regard Russia's action in Manchuria as a gigantic bluff, inspired by the notion that England's hands are tied in South Africa, but, as Germany is only half-hearted in the maintenance of Chinese integrity, a coalition with Japan is improbable, and Japan is too much embarrassed in her finances to do more than to protest and to endeavor to secure compensating advantages in Korea.

Wrecks in English Channel.

Paris, March 11.—The storm on the English channel continues and numerous casualties are reported. A fishing smack was wrecked at Tregastel, near Brest, and the crew of four drowned. The three-masted schooner Saint Mars of Bordeaux was wrecked near Morlaix. Lifeboats rescued five of her crew and the remaining seven perished. The Norwegian bark Lizzie Curry, Captain Knudsen, from Savannah with a cargo of wood, was thrown on the rocks on Gijon bar and is a total loss. Her captain and crew were saved. The gale is sweeping over Bay of Biscay.

Struggle Soon to Begin.

Columbus, O., March 11.—One of the heaviest coal operators in the Ohio and West Virginia fields stated that the action of the Pennsylvania companies in declining to confer with the miners means the beginning of a war to the death between mine owners and their employees. "The operators will not stop until they have destroyed the United Mine Workers' union," he said. "This was decided upon last year when they made the temporary agreement which expires on April 1. The struggle is bound to come, and the operators think that the hour is here."

Dressmakers Organize.

New York, March 11.—The Dressmakers' Protective association of America has been organized here. There were dressmakers at the meeting from 29 states. There are \$300,000 dressmakers scattered over the land. The enrollment of members will begin as soon as the charter is obtained, and it is expected that within a month there will be between 400,000 and 500,000 members enrolled. The officers of the association are to receive no compensation and the organization is to be strictly co-operative.

Some Shipwrecked Sailors Saved.

Oran, Algeria, March 11.—Italian bark Sicilian, which was reported wrecked March 4, has been reported here by a steamer. The Sicilian was dismantled and thrown on her beam ends during a gale off Cape Gatte, Feb. 26. The vessel drifted for days, those on board being without food or water, and some of them jumped overboard and were drowned. The captain was washed away. The fishing boat saved seven of the crew.

Miners Injured.

Charleston, W. V., March 11.—Three miners going to work at the Marnet mines were fatally injured by a peculiar collision on the West Virginia and Southern railroad. The car on which they were riding became detached from its train on a steep grade and ran backward into a following train of cars. The injured are Henry Harold, Edgar Peel and John Snodgrass.

To Prevent an Outbreak.

London, March 11.—It is reported that Russia is seeking the support of the powers in a scheme to prevent a sudden outbreak in the Balkans. She proposes that Serbia, Bulgaria and Greece should greatly reduce the armies on condition that the powers should give a pledge of their independence.

The Coming Duel.

Brussels, March 11.—M. Paul De Cassagnac, French Conservative deputy and editor of L'Aurore of Paris, arrived here with M. Paul Buffet, brother of M. Andrew Buffet, and M. Augustin Fernand De Rmelo of the French chamber, who will act as second witness for M. Andrew Buffet in the projected duel with M. Paul De Roulede.

Dublin, March 11.—The Duke and Duchess of Manchester have arrived at Tangerage castle.

DISCLAIMED BY RUSSIA.

Had No Intention at any Time of Seizing Manchuria.

Washington, March 11.—The official correspondence that has passed between the state department and the several powers interested in the Chinese question discloses the fact that Russia, suspected as she is by England, and perhaps by some other powers, of planning to seize and hold Manchuria as her own, has upon every occasion, when opportunity served to draw forth a statement of her motives, declared emphatically that she had no such purpose.

The United States government has not entered into any secret or open agreement with Great Britain or with any other individual power, however strongly it may sympathize with the British desire to insure Manchuria against seizure. On the contrary, our government from the beginning discouraged such special alliances.

Baptist Southern Movement.

Meridian, Miss., March 11.—The Baptist Twentieth Century movement for the southern states was inaugurated here. Distinguished ministers, educators and well known laymen from all sections of the south are here to take part in the exercises that launch a movement meant to be taken up by every state in the south. Dr. W. T. Lowrey, president of Mississippi college, delivered the opening address. Dr. A. V. Rowe, secretary of the mission board for Mississippi, addressed an overflow meeting. The Rev. J. R. Willingham, secretary of the foreign mission board, Richmond, Va., spoke on the outlook for the whole church. President Mullens of the Southern Baptist Theological seminary of Louisville spoke on church work.

B. & O. Cut-Off.

Pittsburg, March 11.—An important step was taken by the Baltimore and Ohio Railroad company working to the establishment of a direct trunk line through Pittsburg as the main line to Chicago. A party of engineers left here to locate the line of the Chicago cut-off from Smith's Ferry, Pa., to Canton, O., a distance of 60 miles. Preliminary surveys were made a year ago and the rights of way were subsequently obtained. This line will reduce the distance to Chicago 28 miles, will avoid the heavy grades between those points, and will triple the hauling capacity of the trains.

Claim to be Americans.

San Francisco, March 11.—On board the Pacific Mail steamship America Maru, now in port, are two Hawaiian Chinese laborers who have applied to be admitted into this port on the ground that, being citizens of the islands, they are citizens of the United States, or "American citizens," as they strictly term it, when the annexation act went into effect Aug. 12, 1898. Collector of the Port Stratton has detained them on the vessel pending the advice from the government attorney as to their right to land.

Automobile Factory Burned.

Detroit, March 11.—The Olds Motor works, manufacturers of gas engines, automobiles and other vehicles, was completely destroyed by fire, entailing a loss of over \$100,000; fully insured. The plant shut down at noon for a half day and the fire broke out soon afterward. It is supposed two tanks of gasoline exploded and caused the fire. Two men at work on the third floor were compelled to jump for their lives. The entire season's output of the Olds works, which was stored, was destroyed.

Kasson Resigned.

Washington, March 11.—The resignation of Mr. Kasson as special plenipotentiary, charged with the negotiation of reciprocity treaties and arrangements, was placed in the hands of the president by Mr. Kasson before he left Washington for Florida. The president has withheld his acceptance, strongly urging Mr. Kasson to remain in the service of the government, and the matter is still in abeyance.

Peru's Pan Delegate.

Lima, Peru, March 9.—The government has appointed as delegate ad honorem from Peru to the Pan-American congress in Mexico Senor Carlos Magno de Ford. The government also recognized James Furlong the British vice consul in the Perene and Chaucamayo districts, and Nells Carle Lange Peterson as the Danish consul general in Peru.

Five Men Scalded.

Pittsburg, March 11.—Five men were scalded, one fatally, by the blowing out of two testing tubes connected with a battery of boilers at the America Iron works of Jones & Laughlins. George Kosalich will die.

Treachery in Brazil.

Rio Janeiro, March 11.—It is said the government has received the news of a monarchical plot. Great activity is being displayed by the police to thwart it. Much vigilance is being shown in certain circles.

IGNORE MINE WORKERS

Coal Companies Give Notice of an Extension of Agreement.

MINERS WANT SOMETHING MORE.

President Mitchell's Opinion of the New Move of Operators—Action Portends That They Will Not Join in the Conference.

Hazleton, March 11.—The following notice was posted at all the Lehigh Valley Coal company's collieries in the Hazleton region: "The 10 per cent advance in wages and other concessions made by this company Nov. 1, 1900, as per notice posted, will be continued to April 1, 1902. Local differences will be adjusted with our employees at the respective collieries." The notice is signed by W. A. Lathrop, general superintendent of the company.

In view of this notice it is not believed that the Lehigh Valley company will be represented at the joint conference to be held here Tuesday, as the adjustment of differences would be practically the only contention between the miners and the operators, and these have been provided for in the posted notices.

At Scranton General Superintendent Rose of the Delaware and Hudson Coal company has ordered the posting of a notice at all the company's mines in the Lackawanna and Wyoming Valleys to the effect that the present rate of wages will continue in force until April, 1902. A like notice was posted by the Philadelphia and Reading Coal and iron company.

Mitchell Talks.

Indianapolis, March 11.—John Mitchell, president of the United Mine Workers, when told of the Lehigh Valley Coal company's notice at Hazleton, said, "That's a new move on the part of the operators. The Lehigh company is one of the largest in the district, and the action means that all the operators will post like notices. It means, too, they do not intend to meet the United Miners in conference next Tuesday." When asked if a continuation of the 10 per cent advance by all the operators would be satisfactory to the miners, Mr. Mitchell laconically replied, "It would not."

President Mitchell has left for the anthracite field. After Tuesday morning his headquarters will be Hazleton.

Alleged Breach of Promise.

Huntington, W. Va., March 11.—A breach of promise suit has been brought by Miss Margaret MacBeth against Selba F. Bonham. She claims \$10,000 damages. Miss MacBeth is the daughter of well known people living in Bellevue, Ky., while Mr. Bonham is a prominent young business man in this city. Mr. Bonham met Miss MacBeth for the first time a little more than three years ago while she was visiting friends in this city. It is said more than 1,000 letters are in possession of Miss MacBeth's attorneys.

Maniac at Large.

Columbus, O., March 11.—John Wilcox, a wealthy farmer of near Worthington, a suburban village, suddenly went insane and ran amuck. Stopping and arming himself with a knife and gun, he inaugurated a reign of terror in the village, seriously wounding two men, injuring slightly half a dozen more and setting fire to his home. He was finally subdued by a number of deputy sheriffs. J. W. Dawson, 70, and E. C. Buell, a deputy sheriff, were the most seriously hurt, but both will recover.

Presidential Nominations.

Washington, March 11.—The president made the following nominations: To be members of the commission to carry into effect the stipulations of article 7 of the treaty between the United States and Spain—Former Senator William E. Chandler of New Hampshire; Gerrit J. Dieken of Michigan; James Perry Wood of Ohio; William A. Maury of the District of Columbia, and William T. Chambers of Alabama. William A. Fuller of Iowa, to be assistant attorney general of the United States.

Religious Riots.

Liverpool, March 11.—Upon a manifestation against the Jesuits by students of the polytechnic school, the police entered the institution and struck many with swords. Among the wounded are several infantry and cavalry cadets. The students have addressed resolutions to the house of peers and chamber of deputies, denouncing the police.

Severe Snowstorm.

Kansas City, March 11.—The snow storm was one of the severest of the winter in western Missouri and northern Kansas. A Missouri Pacific passenger train stuck in a drift for six hours near Jamestown, Kan.

The official career of Hon. W. H. Phillips, of Nicholasville, is one of the most remarkable on record. He is serving his twenty-seventh year as County Judge of Jessamine County and is a candidate for the Democratic nomination for another term, with no opposition.

Ex-SENATOR LINDSAY drops into a nice easy job as he leaves the Senate. The President has selected him as one of the commissioners of the St. Louis Exposition at a salary of \$5,000 a year. The other commissioners are ex-United States Senators Carter, of Montana, Thurston, of Nebraska, and George W. McBride, of Oregon.

SUBSIDIZING FOREIGNERS—TAXING AMERICANS.

The Hardware Dealers' Magazine tells of the ways of the wire nail trust and how it is aided in extortion by the tariff, for the benefit and information of hardware dealers.

In 1898 there were produced in the United States 7,418,475 kegs of wire nails, which cost the American consumer \$1.31 per keg. There were exported during the same year 307,194 kegs, at about \$1.55 per keg, the foreigner paying 24 cents a keg more than the home consumer. These same nails sold at home in 1894 at an average \$1.11 per keg. This was in the period of low prices.

In 1899 there were manufactured 7,599,522 kegs, at an average price of \$2.57 to the domestic buyers. There were exported 752,781 kegs, at about \$1.40 per keg. The American consumers paid about \$17,506,000 for the balance of the manufactured nails, or about 6,846,000 kegs.

UP IN THE AIR

Are Kentucky Politicians Over Fight For New U. S. Judgeship—Pugh's Chances.

[Enquirer Special From Washington City.] Representative Pugh, of Maysville, Ky., whose term as a member of the House has just expired, called to find out something more definite about his chances for appointment to the position of Federal Judge in the Eastern district of Kentucky, recently created by Congress.

Everybody seems to be up in the air over the ultimate outcome of this matter, which has been agitating Kentucky politicians for the past two or three months. The appointments will not be made until about the first of July, when the law becomes effective, and in the meantime there will be a good many on the anxious seat.

Judge Pugh's chances for the place are very good, and there are many who believe that it is the President's firm intention to appoint him when the time arrives.

ANOTHER VIEW OF IT.

[Courier-Journal Special.]

WASHINGTON, March 8.—Senator Deboe called at the White House this morning, and it is stated upon what seems to be reliable authority that he was informed by the President it would be necessary to submit a new slate for the offices in the Eastern Kentucky Judicial district. While the President, from what can be learned, did not so state, the opinion is that this refers particularly to the candidacy of former Congressman Pugh. In well-informed circles here it has never been believed that the President seriously considered Mr. Pugh's candidacy for the Judgeship, hence Senator Deboe's interview elicited nothing really new on this point. As has been stated in the Courier-Journal for several days, friends of former Gov. Bradley have been bringing every possible

influence to bear upon Senator Deboe to endorse the former Governor, and the indications to-night are that he will take this course, being no longer tied to Mr. Pugh. This, according to the Kentucky Republicans, will, if successful, be a big harmony move, and from the Deboe standpoint forever shelve Bradley from politics. Former Gov. Bradley's supporters here are very confident to-night that Mr. Bradley can defeat Judge A. M. J. Cochran, of Maysville. They claim if Senator Deboe endorses the ex-Governor, the President will be willing to compromise the fight in that way, thus yielding his personal choice, Judge Cochran, in an effort to secure a united Republican party in Kentucky.

Friends of Judge Cochran are said to be feeling rather sore over the action of the Bradley people. In nearly every instance the Bradleyites have endorsed Cochran for the judgeship, and there is no doubt that he has their warmest sympathy in the fight against Pugh. Now they say to step in just at the time when Cochran was as good as appointed causes them much surprise, as no opposition was expected from that quarter.

Of course former Congressman Pugh will not be left entirely out in the cold. His name has been suggested in connection with the district attorneyship of the Eastern district, but as Senator Deboe and Representative Boreing have endorsed Judge Tinsley there does not seem to be any hope in that direction. If nothing else can be done Mr. Pugh will succeed Solicitor of Internal Revenue Thomas. The position pays \$5,000 a year and is always much sought after.

LONG WAR, MUCH MISERY

In Philippines, Says a Lexington Soldier in a Letter to Home Folks Last Week.

The following letter has lately been received at Lexington by the family of a soldier in the Philippines:

"I am afraid we accomplish very little, for we haven't enough soldiers to do the thing well, and if the government doesn't make some provision to send a big army over here it will take a long time to end the war. In the meantime there'll be a lot of innocent people that will starve to death, for we are burning their homes and destroying their crops, and if the present policy continues the government will have a lot of people on their hands to feed."

The 1,236 hhd. new offered averaged \$6.62 per 100 lbs., against \$6.74 for the 1,159 hhd. for the previous week, and \$7.28 for the 1,309 hhd. for the corresponding week of last year. The daily averages were as follows: Tuesday, \$6.43; Wednesday, \$6.72; Thursday, \$6.63; Friday, \$6.62.

The 536 hhd. old offered averaged \$8.03 per 100 lbs., as against \$8.60 for the 777 hhd. for the previous week, and \$8.33 for the 777 hhd. for the corresponding week of last year. The daily averages were as follows: Tuesday, \$7.21; Wednesday, \$7.93; Thursday, \$8.13; Friday, \$9.50.

The weekly circular of the warehouse interests says:

"With continued meager receipts and somewhat lighter offerings than last week the market has manifested no very marked change since last report.

"Old tobacco was very firm at the higher prices of last week. While the offerings were not very large they were liberal for the very small available supply. The stocks of old low grades were again largely drawn upon and the number of bagsheads still unsold is now almost phenomenally small.

"On Tuesday and Wednesday new tobacco was fully as strong as at the close of last week, with a tendency to greater activity. Bright grades and lugs and short red leaf sold especially well this week, under sharp competition between local and out-of-town buyers.

"On Thursday, however, there was irregularity in the new. This was probably due, however, to the very inferior character of a considerable portion of the offerings.

"Friday's break consisted of only sixty-four hhd., all offered by one house, which brought current prices.

"Rejections for the week have been remarkably few, aggregating only 13 1/4 per cent. of the total offerings, indicating that results were even more satisfactory than last week.

"Fine tobacco, either old or new, has been a scarce article on the breaks."

PROP'S OF BEE HIVE.

JOHN G. HICKMAN.

A Long and Useful Life Comes to a Peaceful Close.

Death Claims This Venerable and Highly Esteemed Citizen at An Early Hour Sunday Morning.

In the death of the venerable John G. Hickman, Maysville loses a citizen whom it can be truly said all loved and esteemed.

The long and useful life of this good man was brought to a peaceful close early Sunday morning at the family residence on West Second street. His decline had been gradual. He suffered from no particular disease, but slowly life's vital forces had been ebbing away for several years. During his last days his mind at times would dwell upon the companions of his younger years, and he would recall the pleasant friendships of the long ago. He delighted, too, to speak of the intimate friends of later years. For him death had no terror. During the past week or two his condition had grown more serious, but it was not alarming. On Saturday evening he was able to partake of a lunch between 7 and 8 o'clock. During the night there was a sudden change for the worse, the end coming at 2 o'clock.

Mr. Hickman was born at Washington, this county, and was in the eighty-second year of his age. He was a son of David and Caroline (Green) Hickman, his ancestors coming to this county from Maryland. During his school days he was a companion and classmate of Dr. Forman, the noted missionary. At the time of his death Mr. Hickman was the oldest member of the Mason County Bar. For long years he had enjoyed a most enviable standing among the lawyers of this section. While ranking among the best members of the bar, he never aspired to office. In 1878, however, he was solicited to make the race for Judge of the Criminal Court of this district, and did so as an independent candidate, his opponent being Judge Hargis. The result of that race was a proof of the high esteem in which he was held in this county. Though defeated for the position, he carried the conly of Mason (usually safely Democratic) by a majority of seventy-seven. On account of his failing strength he retired from active practice several years ago and spent his last days at his comfortable home on West Second street. Mr. Hickman's life was as an open book, known and read of all men. A model citizen, a noble man, an exemplary Christian has been called to his eternal rest and reward.

Mr. Hickman is survived by one son, Mr. Sam T. Hickman, assistant postmaster. His wife, who was Miss Phoebe Forman (a daughter of the late Geo. L. Forman), died in 1865. His only sister, Mrs. R. H. Ranson, died in 1889.

Mr. Hickman was one of the oldest members of the First Presbyterian Church, and the funeral service will be conducted Tuesday at 10 a. m. at the

residence by his pastor Rev. Dr. Barbour, assisted by Rev. Dr. Condit, of Ashland, and Rev. Dr. Waller, of this city. Interment at Washington.

Mr. Omar Dodson was somewhat better this morning.

Mrs. Charles Marshall was no better late Saturday night.

The contest of the will of the late D. H. Baldwin, of Cincinnati, has been compromised.

Some Flemingburg physicians will be prosecuted for violating the liquor law of that county.

Mrs. Wylie Fitch, of Dover, who has been ill with scarlet fever two weeks, is reported improving.

Mrs. James A. Spencer, a niece of Mr. Jesse Calvert, of this city, is seriously ill at her home in Carlisle.

Mrs. Mollie F. Pearce's tax assessment at Covington was reduced by the County Court from \$14,200 to \$5,500.

Near Kentontown, Robertson County, a little two-year-old child of Charles Reinheimer was burned to death Friday.

The Ladies' Aid Society of the Christian Church will meet Thursday afternoon at 3 o'clock with Mrs. John Ryan, of East Second street.

Dr. Eustace Newton, the ex-Maysville ball twirler, has signed to pitch for the Reds again this season. He was one of the first to get into line.

Mrs. M. Archdeacon is receiving spring goods daily. Complete line of handsome patterns will be displayed in a few weeks. Corner Third and Market streets.

Mrs. Julia Frediana has qualified as administratrix of Virgil Frediana, with T. J. Pickett and A. M. J. Cochran sureties. Appraisers Thomas Mackey, Robert Perrine and D. D. Pickett.

Miss Ethelene Wall has been invited to act as "Maid of Honor" to Miss Lucy Arnold, of Newport, "State Sponsor" at the annual re-union of the survivors of the Confederate army, at Memphis, Tenn.

James O'Connell, recently appointed Sergeant-at-Arms of the Court of Appeals, formerly lived in Dover. Mr. O'Connell married Miss Olivia Johnson and after her death he married Miss Katie White, both Dover ladies. His new office pays him \$1,100 a year.

Robert Burns Wilson and Miss Anne Hendricks were married in New York last week. The bride is the beautiful daughter of Hon. William J. Hendricks, formerly Attorney General of this State, but now a successful attorney in New York. The groom is an author and a painter, and is widely known as the "poet-artist of the Blue Grass."

BARN BURNED

With About 10,000 Pounds of Tobacco. Mrs. H. B. Owens and Mr. Robert Perrine Meet With a Loss.

A large barn on the farm of Mrs. H. B. Owens near Tuckahoe was destroyed by fire shortly before noon last Saturday, together with about 10,000 pounds of tobacco belonging to her uncle, Mr. Robert Perrine. The latter also lost most of his farm implements and machinery.

The fire started from a stove located in a small room in one corner of the building and used as a stripping room in cold weather.

The loss on the building amounts to \$500, while Mr. Perrine's loss on tobacco and machinery is \$700 or \$800. Neither had any insurance.

Strikes a Rich Find.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicine I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a great tonic and invigorator for weak, run-down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by J. Jas. Wood & Son, druggists.

A handsome set of sterling silver tea spoons, with case, \$3.50, table spoons \$8 per set, forks \$6 per set, of Gorham Manufacturing Co.'s make. Eight-day clock \$2. All goods are sold at prices not equalled anywhere. Made by the best makers and warranted.

MURPHY, the jeweler.

The widow of the late Mr. W. T. Hancock died Sunday at her home in Bellevue. She formerly lived in Maysville, and is survived by several children, Mr. Charles M. Hancock of this city being her son.

The wife of Ed. Scott, a farmer living north of Aberdeen, was terribly burned last Thursday and her death was expected Saturday. Her clothing caught fire from a grate while she was dusting off the mantle.

A Horrible Outbreak

"Of large sores on my little daughter's head developed into a case of scald head," writes C. D. Isbill of Morgantown, Tenn., but Bucklen's Arnica Salve completely cured her. It's a guaranteed cure for eczema, tetter, salt rheum, pimples, sores, ulcers and piles. Only 25c. at J. Jas. Wood & Son's.

A telegram tells of the death at Ft. Worth, Texas, of J. W. Burgess, as the result of being thrown by a horse. Mr. Burgess was a cousin of Mr. J. B. Burgess of this city.

The Porter station farm of the late Dr. I. R. Best, of Millersburg, was sold Thursday to Preston Campbell, of Nicholas, for \$55 per acre. Horses sold from \$50 to \$90; hogs 6 to 7c.; yearling steers, \$32; two-year-old steers, \$14.50; heifers, \$28; hay, \$10 75; corn \$2 50.

BALLENGER jeweler and optician.

The Fiscal Court of Harrison County has granted the right of way over the turnpikes of that county for an electric road to run from Georgetown, Ky., to Cynthia, Mt. Olivet, Brooksville, Germantown and Maysville. Mr. Younger Alexander, the Brooksville banker, is booming the enterprise.

The dead body of a negro baby was found Saturday afternoon in the cellar of a house on East Fourth street occupied by a colored family named Tipton. It was found by Tipton's wife, and was wrapped up in paper. One foot was gone. Constable Dawson is at work on the case trying to locate the mother.

Mr. James T. Cooper, who has been engaged in the grocery business at Recktorville, leaves today for Hillsboro, Ind., with his family, where he expects to make his future home. They carry with them the best wishes of their many friends for their welfare, and for success to Mr. Cooper in whatever business he engages in.

The old Marshall residence at Washington came near burning recently from the explosion of a coal oil stove. It is likely the oldest house in the county, says a writer, having been erected in 1790, or earlier. It was once the home of John James Key, General Halleck's Chief of Staff, and afterwards Dan Vorhees' law partner.

Auditor Coulter in a few days will notify the life insurance companies doing business in the State to submit reports for franchise taxation. The Auditor holds that these corporations are taxable on franchise valuations under the provisions of section 4078 of the Statutes, though the former Auditor did not make any effort at collection. It is estimated that such assessment, made retroactive, as is contemplated, would yield about \$100,000 to the State Treasury in addition to local taxation in the cities and counties where the companies are doing business.

Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three \$1 bottles of Dr. King's New Discovery wholly cured me and I gained fifty-eight pounds." It's absolutely guaranteed to cure coughs, colds, la grippe, bronchitis and all throat and lung troubles. Price 50c. and \$1. Trial bottles free at J. Jas. Wood & Son's drug store.

Take a cup of Arbuckles' Coffee and a cup of the "cent-a-pound-cheaper" kind. One taste of each will prove to you that the reason Arbuckles' costs a little more is because it's worth more. It's selected with greater pains, roasted with greater care, packed with greater skill. It comes to you as fresh as when it left the roaster. Not a particle of its strength or flavor lost. Cheap coffee lacks both strength and flavor.

ARBUCKLES' Roasted Coffee

is cheaper in the end than other coffees because it makes more cupsful to the pound and gives far greater satisfaction.

With each package of Arbuckles' Coffee you purchase a definite part of some useful article—which is yours on presentation to our Notion Dept. of a certain number of signatures cut from the wrappers. You'll find a list of the articles in each package.

The Winchester Democrat tells of a lady who had been missing flour from her pantry. Her husband, who is an amateur photographer, so arranged a camera that if any one disturbed the flour the photographic plate would be exposed and a snap shot of the thief taken. The whole family then went calling and on their return found a very good picture of a neighbor in the act of stealing flour.

The third of a series of Sunday night lectures was delivered at St. Patrick's Church last evening and was well attended. The subject was "The Historical Christ," and as usual the discourse was a most interesting one. Father Ennis had been ill all of last week, being confined to his bed for several days, and did not give the subject the attention originally intended, but the lecture was replete with historical facts sufficient to convince the most skeptical, and showing deep research and study. The subject next Sunday night will be "Patriotism and Ireland" and should attract a large audience. The admission on this occasion will be 25 cents.

Nice Things Said About Next Tuesday Night's Show.

The prettiest mounted play that has visited the Camden Grand this season is without doubt the production of "Lost in Egypt." It is seldom in scenic productions that the scenery is not either faded and worn out, or loud and harsh to the vision. But we must compliment the managers of "Lost in Egypt" wherein they gave us a scenic production away above the ordinary run, not only in the beautiful blending of soft colors in scenic effects, but also the beautiful way in which the play was cosumed. "Lost in Egypt" was well produced throughout, and, though the company came to us comparative strangers, they made many warm friends among our theatre-going people.—Camden (N. J.) Tribune.
